

Greg Jaroszynski, MD, FRCSC

Address

#4 - 760 Brant St., Burlington, ON, L7R 4B7
E-mail: tel: 905 333 5020, fax: 905 333 5018

Education

1982 - 1988 Medical School, Medical Academy of Łódź, Łódź, Poland
1989 - 1990 Teaching Fellowship, Department of Anatomy, University of Saskatchewan, Canada
1990 - 1992 Resident in Physical Medicine and Rehabilitation, College of Medicine, University of Saskatchewan, Canada
1992 - 1993 Rotating Internship, St. Paul's Hospital, Saskatoon, Canada
1993 - 1997 Resident in Orthopaedics, College of Medicine, University of Saskatchewan, Canada
1998 Clinical Fellow, Mt. Sinai Hospital, Div. of Orthopaedics, University of Toronto, Canada

Degrees and Qualifications

- Medical Doctor with Distinction, Medical Academy of Łódź, Łódź, Poland, 1988
- Medical Council of Canada Qualifying Examination, 1991
- Education Commission for Foreign Medical Graduates Examination, 1991
- Federal Licensing Examination, 1992
- Specialist certificate in Orthopaedic Surgery, 1997
- Fellow of the Royal College of Surgeons of Canada, 1997
- Member, Ontario Medical Association, 1998
- Member, College of Physicians and Surgeons of Ontario, 1998

Awards

1982 Distinction awarded with High School Diploma
1984 Academic Achievement Scholarship
1985 Academic Achievement Scholarship and Academic Achievement Award
1986 Academic Achievement Scholarship and Academic Achievement Award
1987 Academic Achievement Scholarship and Academic Achievement Award
1988 Academic Achievement Scholarship and Academic Achievement Award
Distinction awarded with MD
1994 Kirkaldy-Willis Orthopaedic Excellence Award (for best resident research paper at Combined University of Manitoba - University of Saskatchewan Residents Research Day)
1996 Kirkaldy-Willis Orthopaedic Excellence Award (for best resident research paper at Combined University of Manitoba - University of Saskatchewan Residents Research Day)
1996 George Parnal Award (for best research paper at the 22nd Canadian Orthopaedic Residents Meeting, Banff, 1996)
1996 Best Paper in Orthopaedics, Surgical Resident Research Days, Saskatoon, June 1996
1997 Kloppenburg Prize in Orthopaedics, Surgical Resident Research Days, Saskatoon, June 1997

Presentations

- Jaroszynski G, Johnston G, *Harvesting of the Sural Nerve with a Tendon Stripper*, 8th Combined University of Manitoba - University of Saskatchewan Residents Research Day, Saskatoon, Saskatchewan, 1994
- Jaroszynski G, Johnston G, *Harvesting of the Sural Nerve with a Tendon Stripper*, American Society for Reconstructive Microsurgery 10th Annual Meeting, 1995, Marco Island, Florida (poster)
- Jaroszynski G, Johnston G, *Harvesting of the Sural Nerve with a Tendon Stripper*, 29th Annual Meeting of the Canadian Orthopaedic Research Society, 1995, Halifax, NS (poster)
- Jaroszynski G, Cassidy D, Yong-Hing K, Carroll L, Cote P, *Development of a comorbidity scale*, 9th Combined University of Manitoba - University of Saskatchewan Residents Research Day, Winnipeg, Manitoba, 1995
- Jaroszynski G, Cassidy D, Yong-Hing K, Carroll L, Cote P, *Validation of a comorbidity scale*, 10th Combined University of Manitoba - University of Saskatchewan Residents Research Day, Saskatoon, Saskatchewan, 1996
- Jaroszynski G, Cassidy D, Yong-Hing K, Carroll L, Cote P, *Development and Validation of a comorbidity scale*, 22nd Canadian Orthopaedic Residents Association Meeting, 1996, Banff, Alberta
- Jaroszynski G, Cassidy D, Yong-Hing K, Carroll L, Cote P, *Development and Validation of a comorbidity scale*, Canadian Orthopaedic Association Meeting, 1996, Quebec City, Quebec
- Jaroszynski G, Werle J, Yong-Hing K, *Validation of a comorbidity scale in total joint arthroplasty patients*, 23rd Canadian Orthopaedic Residents Association Meeting, 1997, Toronto, Ontario
- Jaroszynski G, Cassidy D, Yong-Hing K, Carroll L, Cote P, *Development and Validation of a new self-assessed comorbidity scale*, 10th Combined Orthopaedic Associations Meeting, 1998, Auckland, New Zealand
- Jaroszyńska A, Kraska T., Jaroszynski G. *Treatment of developmental hip dysplasia in children older than 5 months*, 33rd Scientific Meeting of the Polish Orthopedic and Traumatology Society, 1998, Łódź, Poland
- Jaroszynski G., Jaroszyńska A. *Total hip replacement as a treatment of avascular necrosis of the hip in patients under 50 years of age.*, Scientific Meeting of the Pediatric Section of the Polish Orthopedic and Traumatology Society, 2001, Łódź, Poland
- Jaroszynski G. *The Dislocated Hip*, Indications and Solutions for Cementless Total Hip Arthroplasty Course, October 2001, Schulthess Clinic, Zurich, Switzerland

Publications

Work experience

- July 1 -- December 31, 1997: Orthopedic surgical associate, Saskatoon Health District (operating room assists)
- November, 1997 -- April, 1998: Orthopedic consultant, Saskatoon Musculoskeletal Health Centre (secondary and tertiary assessments for insurance claims)
- January 1999 -- present: Orthopedic consultant in private practice
- January 1999 -- present: Medicolegal Assessments and Insurer's Examinations

Hospital Affiliations

- Joseph Brant Memorial Hospital, Burlington, Ontario - Active Staff
- Oakville-Trafalgar Memorial Hospital, Oakville, Ontario -- Courtesy Staff
- Milton District Hospital, Milton, Ontario -- Courtesy Staff

Research experience

- Development and application of a comorbidity scale in total joint outcome research
- Study of long term outcome of total hip revision surgery with the use of structural auto- and allograft
- Study of long term outcome of total hip surgery in dysplastic acetabuli
- Principal investigator, Joseph Brant Memorial Hospital site, "Optimization of Dose of Oral Direct Thrombin Inhibitor Compared to Warfarin for the Prevention of Venous Thromboembolism Following Total Knee Arthroplasty.
- Principal investigator, Joseph Brant Memorial Hospital site, "A Phase III, randomized, parallel-group, double-blind, active controlled study to investigate the efficacy and safety of two different dose regimens (75 mg Day 1 followed by 150 mg Day 2-completion, and 110 mg Day 1 followed by 220 mg Day 2-completion) of dabigatran etexilate administered orally (capsules), compared to enoxaparin 30 mg twice a day subcutaneous for 12-15 days in prevention of venous thromboembolism in patients with primary elective total knee replacement surgery." **REMOBILIZE.**
