Dear Dr. Kleinman,

Congratulations, I am pleased to announce that you have successfully completed the requirements for recertification by the American Board of Independent Medical Examiners (ABIME).

Five years have been added to your original certification. Your certification is valid through August 9, 2019. A new certificate will be mailed to you in approximately three weeks.

Please continue to use your designation as a Certified Independent Medical Examiner (CIME). This is a registered service mark that indicates you have acquired unique skills and knowledge.

As ABIME continues to gain recognition as the national quality assurance organization among insurers, workers' compensation agencies, legal organizations, case management companies, large self-insured entities, insurance brokers, consultants and other professional organizations, your designation as a CIME will increase in value. You have achieved a unique distinction as a CIME and we wish you continued success in the future.

Sincerely,

Mohammed I. Ranavaya, MD, MS, FRCPI, FFOM, CIME
